

## **Early Childhood Screening**

**Also referred to as pre-school screening**

*An early look at your child's development*

Early Childhood Screening is available to your child through School District 622. Although it is optional for children attending non-public schools\*, this screening provides you with developmental information about your child:

- vision and hearing check
- growth screening
- immunization review
- developmental progress using a standardized tool
- family health and development review
- information and resources for your child

This free service is offered to children from three years of age to those starting kindergarten in the fall.

**Early  
Childhood  
Screening**

---

**Screen at  
3 or 4**

**For more information or to schedule an appointment:**

**visit [www.isd622.org/screening](http://www.isd622.org/screening)  
or call 651-702-8468 (Language interpretation available)**

\* Some non-public schools require Early Childhood Screening. Please check with your school.
